PROFILE

Software developer passionate about UI design and problem solving with a strong interest in ReactJS. Insatiable eagerness to learn and self-develop to create high-quality, scalable, and reusable code.

While professionally playing in a busy rock band in London for 10 years, I also worked full-time in food retail, finance, customer service, and sales as a manager, a salesman, or a service advisor, supporting different countries in the EU.

After turning for good the music chapter of my life in May 2020, the need for a career change, creativity, and learning new skills led me to study web development full-time until I got my first junior front-end developer role at PageSuite in March 2022.

EXPERIENCE

Junior Frontend Developer - PageSuite, Ashford, UK

March 2022 to present

For a leading publishing company offering a digital desktop reader and a PWA to 1200+ publishers worldwide, such as The Times, The Sun, and Rolling Stones, representing a global audience of over 60 million views a month.

- Learnt and worked daily with Angular and Sencha Touch frameworks, C#, TypeScript, and AWS.
- Worked on bug fixes, code reviews, and new feature creations.
- Successfully supervised a team of developers to launch a new system of dynamic feed templates to facilitate and speed up the creation of new editions for all clients.
- Maintained graphic standards, code best practices, and branding throughout the product's interface.
- Trusted to lead daily team stand-ups and other feature presentation meetings.
- Created new documentation for every new feature or bug fixes to include in the company's product knowledge base.
- Worked with Quality Assurance to get new features and bug fixes tested and pushed live.
- Promoted within 6 months in the company resulting in expanding the scope of my responsibilities such as sprint scheduling, ticket estimations, and working on a Proof of Concept to prepare the transition from Angular to React.

VAT Registration Representative - Sovos, Brighton, UK

Nov 2019 to April 2021

For one of the "Big 4" VAT companies in the world. Worked for GB and EU clients.

- Supported clients throughout the VAT registration process, collating all information required and liaising with internal finance teams and European Tax Authorities.
- Ensure VAT compliance processes are up to date under country regulations
- Worked with third-party service providers to coordinate Foreign VAT reclaim activities

HOBBIES & INTERESTS

INTERESTING FACTS

I grew up abroad in various countries in the Pacific and Indian oceans. At 18, my passion for learning new things led me to get an airplane Pilot Licence, taking passengers across the islands. At 24, I moved to London, where I had a successful career in music for 10 years, which included international tours in Europe.
